Fruit cake, blue cheese salads, apricot tart.

TECHNICAL INFO:

Gizella Szamorodni takes advantage of our region's unique, traditional and natural way of making sweet wine with the help of botrytis. The berries are attacked by the fungus so they lose water and become dehydrated. It means high sugar but also high concentrations of acid and aromas are being concentrated. Only 1 barrel is produced, which was aged for 6 months and bottled on the 3rd May. Total production is only 506 bottles.
